

# IQF Frozen Cold-Chain & Sample Checklist from Egypt

Use this checklist before approving frozen samples or moving toward shipment.

## Frozen Sample Approval

- Sample purpose
- Product specification
- Cut, grade, size, or calibration
- Sample quantity
- Packing format
- Courier handling expectations
- Documents attached to sample
- Feedback and retesting criteria

## Cold-Chain Assumptions

- Required storage temperature
- Pre-shipment storage assumptions
- Loading expectations
- Reefer container requirements
- Temperature monitoring expectations
- Destination timing
- Incoterm and responsibility boundaries

## Shipment Readiness

- Packing list
- Commercial invoice
- Origin documents
- Reefer-related notes where relevant
- Communication and escalation route
